My name is Leon Kosovskiy, and I have been a resident of Avon Place for over 20 years. I am writing to express my deep concern regarding the management and conduct of Ahron Rudich of Avon Place LLC, who acquired a majority stake in the complex in the fall of 2022.

Since taking control, Mr. Rudich—along with his employee, Bret Hurst—has consistently neglected the property and failed to provide essential services, including heat and hot water. These are basic necessities that every resident is entitled to, and their absence has caused significant distress to those living in the complex. More troubling, however, is Mr. Rudich's use of threats, intimidation, and harassment in what appears to be a coordinated effort to pressure individual condo owners into selling their units to his LLC. To date, approximately 15 units have been transferred under these troubling circumstances.

Mr. Rudich, through his controlling interest in the condominium association, has exercised near-total authority over the property with little to no regard for the law. He has failed to follow the association's bylaws, rules, and regulations, and has not provided insurance documentation to individual unit owners as required. There is also strong reason to believe that insurance funds intended for the restoration of the property after a fire have been misappropriated or embezzled.

I am urging the legal system to investigate these actions thoroughly and to hold those responsible accountable. The residents of Avon Place deserve transparency, basic services, and the protection of their rights as tenants and homeowners.

Sincerely,
Leon Kosovskiy
